“ *I first knew him as Guztapo, his gamertage. His personality has this gravitas that you could not ignore. Not long after did I decide to be his friend on Facebook, which is unusual for the gaming culture. A true friend, that I feel the time I've spent with him feels too short.*

“ *The loss of a loved one is the most devastating thing to have to endure, especially when their life is cut short. My deepest condolences to your family. I hope you can find comfort in knowing that God soon will remove pain, suffering, and even death. (Revelation 21:4) Then under God's kingdom rule, with Christ Jesus as King, we can enjoy the peace of God's will being done on earth as it is in heaven. (Matt. 6:10) And we can be comforted knowing the power that Jesus has been given to resurrect our loved ones. (John 5:28, 29) For information please visit jw.org.*

“ *My uncle was a good person. He was fun to hang out with. Alex will be missed and he is loved by his family and friends. But, he will also be remembered as one of God's children. When I heard Alex died I started crying because he had so much to live for. But, mostly he started a family he has a wife, a daughter. His brother and sisters and niece's and nephews will miss him. Alex is loved with every passing day. We all love Alex Rankin Sheline!!*
