“ I truly miss my special cousin, Bonnie! Although she had health issues for a large portion of her latter years, she was upbeat, positive, and generated a beautiful smile and contagious laugh. She had a special gift involving caregiving for loved ones. Most importantly, she had a very strong faith and made people in her life feel loved. I was blessed to be one of those people.

Bonnie was my first roommate when we attended Freed Hardiman College at Henderson Tennessee. Love that funny girl. She left after the first semester to marry Mike Cherry. I found her in 2004 living in Huntsville and we had a long chat on the phone just catching up. Thought I would give her a call again only to learn that she has passed. She was so proud of Lisa! I am proud that she was a friend of mine and my first roommate!

“ There are many things memorable about Bonnie Cherry, but I think the one that stands out the most was her ability to find the most interesting, unusual gifts to give. I always saved her gifts to unwrap last at Christmas, sort of a grand finale to the unwrapping festivities. I also always enjoyed her laugh-it was rich, hearty, and from the heart. I can still hear it today in my mind when I think about her.
