“ A very special person that always made you feel great. Knowing her throughout the years, Brenda was always the same sweet person regardless of where you ran into her. I will miss her and her uncanny way to make you feel special.

“ I'm so sad to hear of Brenda's passing. My Mom (Del Miller) worked with Brenda at ALFA and they became very good friends. When I went to the office to see Mom, Brenda always asked me about what was going on in my life. She was easy to talk to and I often shared my struggles with her and in return she always had great advice for me to consider. She was funny, smart, and kind. She always called my son ""Timmy"" even though his name is John and she called my daughter ""Savannah"" even though her name is Katie. I loved her dearly, she holds a special place in my heart. I'll keep you all in my prayers....Lisa Miller Laney

“ *Brenda was one of my dearest friends and her passing saddens me greatly. We began working at Alfa at about the same time. I loved her and her smile and laugh will always be a precious memory. Much love to you children...she loved you dearly. I haven't seen her since she retired....but, she was always in my thoughts. Prayers for all of you.*
