“ Clara and I worked together for many years. She was my mentor. I was a young mother who needed to work to help support our family. Clara taught me the skills necessary for working in retail. She was patient with her fellow employees and was very good with customers. The most important of all her attributes was her Christain principles she lived every day. She truly helped me to be a better person. Thank you Clara you made such a difference to me. She was so proud of each of her children and grandchildren and the lives they live. God bless each of you.
