PS

“ Mr. Busing was a good boss. We were intimidated by him at first with the way he'd look at us over his glasses perched on his nose and ask us " do you need me to find something for you to do?" We had respect for him. I think he appreciated the work we did. He affectionately called us his "class of 77"GE Shipping/Receiving

I just saw this and was so sad I didn't see it when it happened but I had just lost my mom Dec. 3019 and was still grieving still am. I loved Mr. B he treated you right and I remember Him offering me a bonus when CEOs was coming and He said everything needs to go smoothly. I reminded him after the visit and He said that was good. I said do I get my bonus He said Yes you get to keep your job. I had to laugh. No bonus but had my job.
