“ I met Jason about 25.5 years ago. His sister, Karen is my best friend. Jason was a great person. He was super funny and intelligent. I am sending my love to his entire family (who are like family to me). Love you all! Jason, I know you are with your parents now. Love, Deah

“ Jason was once a true friend of mine. He was a good and decent human being. I hope he is at peace now. Love you always, Slick.

“ My beautiful brother Jason, I would do anything to have you here with us again. Though you may have felt alone, you are loved by so very many. I love you Jason with all my heart...but it is breaking right now. My dear baby brother, I pray you are hugging Mom and Dad once again..until we meet again. 💕🙏
