“ *To family of John Sisk - I am saddened at the loss of a good guy, one who endured a lot of adversity but still had that smile and never gave up. I remember our times working together, for it was John who help get me into the Mfg. Engineering group and changed my work life for the better. And a few times playing golf, but I never came close to an eagle. May God comfort you all, and keep those good times with John always in your hearts and minds. With deepest sympathy, James Golden.*
