“ I have fond memories of Aunt Kathy at family gatherings. She was always kind and patient with all the kids running around. What I remember most is that Kathy was always happy and had a great smile that really lit up a room. My prayers go out to the family and friends during this difficult time.

“ Kathy is my aunt and I am thankful for the time with and the memories of her. I got to see her on many vacations as a child that where always great times. I remember that the Fogarty sisters laughed and talked while they were together but always cried when those visits came to an end. I was glad to hear that the family was together at the end for her.
