“ *A Tribute to Keith Newman
Keith Newman, a brilliant mind and a
cherished friend, has left an indelible mark on
our lives. His passing is a profound loss that
will be felt by all who knew him.*

*Keith's intelligence was unparalleled. He possessed a natural
aptitude for technology, effortlessly navigating the complexities of
cell phones and computers. His ability to learn and adapt was truly
remarkable, making him a valuable resource to those around him.
We were fortunate to share countless unforgettable memories with
Keith. One particularly vivid recollection was our collaborative
endeavor to create an HHO generator. Through this project, we not
only gained valuable technical knowledge but also learned
important lessons about teamwork and perseverance.
Keith's legacy will live on in the hearts of his friends and family. He
was a man of exceptional intellect, boundless curiosity, and a warm,
generous spirit. We will miss him dearly.

“ *I first met Kieth in 1998. He had an amazing smile. And was always
happy. Very fun to be around an hangout with. A loyal freind, always
willing to be there and help out a freind when needed anyway he
could. He was very impressive for a 19 yr old when we
met, smart, caring, focused. Things you'd hardly find in some his age
an generation... I have many fond memories of him and the things
we'd shared together thru the many years., rest in peace my freind
and save me a seat!!!!*

*Yes I'll see you, SEE you on the other side!!!! In that big clubhouse
in the sky You'll never be forgotten my freind 🙏😊😊😊*
