“ Doris: I called Stan's number a few times, with no answer, and left a message around Christmas. I never heard back. Today, when I called, the number was disconnected; so, I looked up his name on the internet and found his obituary. We're so sorry for your loss. You were a good wife to him, and I know he loved you a lot. Thanks for sticking with him. I know, like me, you had a lot of firsts due to your relationship with Stan. He sure liked to have fun and share. Even though we had one tough time in our lives together, I'm glad I met him and worked with him. I still consider him a good friend. He was always such a doer, a strategist, and a good guy. I lost my mom on December 2nd. She was almost 99. It left a hole in my heart. Stan's passing leaves a void in my life also. I will miss him, knowing he is no longer with us here. Holly and I wish the best for you. We hope to hear from you or see you if you return to Wichita to visit. Ray and Holly
