“ Grandma, I am so sorry that I cannot be there with you in your time of need but know that I am thinking of you often and my heart goes out to you. I am deeply saddened and will miss Grandpa more than words can say. He was a kind, generous, and loving man that I will always remember. His smile and laughter could light up and room and that is something that I will never forget. Even though it has been a long time since we were together I will always remember that time fondly and thank you for giving me that opportunity to know you both. I love you so much. If there is anything that I can do please don't hesitate to ask. Love always, Becky (Cricket).

“ I often thought that each of my cousins followed in their father's every footstep. We all know how much their Dad adored each of them, and we all send our deepest condolences. They made him the proudest dad on earth. I can recall all the times he spoke of each of them with pride and love. We all have lost a great friend, husband, father, grandfather, great-grandfather, brother, brother-in-law and uncle, but in our hearts we know his family has suffered the greatest loss of all. The heart has its own memory and we hope that in his memory his family will discover the rich legacy he has left them and find comfort. I hope the words that I might say Could ease your pain in some small way. May every thought sent to you Give you strength to see it through. Our heartfelt thoughts are with his family at this time, Bob Crayton Graham, NC

“ I once heard someone say that it's not death that brings us the greatest loss in life, but all that dies inside of us. As life goes on, I hope that you will find ways to celebrate the memory of your devoted husband and father. I know he would want us all to live everyday to the fullest and continue the celebration of his contagious love of life. May time speed your healing. Sometimes there are no words that can reveal the feelings of the heart, but please accept my deepest thoughts of his family during this time. Passing time can never fade All the special memories made; Loved ones never really part For they live inside our hearts. With every loving thought, and from the bottom of my heart, Bob Crayton Graham, NC

“ Dear Sue, My thoughts and prayers go out to you and your entire family. I am so blessed to have met Wesley. I will always remember the kind, warm spirit that he displayed to me when he invited me into your home, not ever meeting me before or knowing who I was. He was a real gentleman. May God give you all the grace and strength that you need to make it through this difficult time. With Love, Your Friend,
